NHTSA Standardized Child Safety Seat Technician Training

September 2010
Dates: 15, 16, 17, 18

8:00 a.m. - 5:30 p.m. Daily

This 32-hour course is designed to provide you with the knowledge and skills to inspect and install child safety seats as well as educate the general public about correct child safety seat use.

The course consists of:

- *Three Days of Intensive Classroom Education including lectures, role playing, hands-on activities, and 3 short written exams.*
- *A Child Safety Seat Inspection: During this event you will have the opportunity to practice your skills which gives you practical experience working with real families in a real life setting.*

The On-line Registration & Payment Process

****Note:** In order to register and pay for this course you must create a user name and password for the CPS Website.

- Step 1 -

Log on to www.safekids.org/certification to register.
